

Measurement and Evaluation Framework Template

STEP 2	Identify measurement and evaluation priorities
<p data-bbox="203 359 1421 449">M&E 'Key Questions': <i>Define the key questions that you want your M&E to help you answer. Think about what you need to know to help you learn and improve, as well as what you need to know to show the impact of your project:</i></p> <p data-bbox="203 785 1323 846">M&E Users: <i>Identify who the main users of your M&E findings will be and how they will use the findings:</i></p> <p data-bbox="203 1121 1323 1182">Reporting Requirements: <i>Define any specific or mandatory outputs or reporting requirements, including details on the format of the report and when/how often it is required.</i></p> <p data-bbox="203 1457 1393 1518">Outcome Indicators: <i>Define the critical things that you plan to measure to show whether the funding stream or project has successfully achieved its intended outcomes.</i></p>	

2a

Outcomes Hierarchy

Use the space below if you want to add your 'Outcomes Hierarchy'. This can help you define the most relevant and appropriate things to measure to indicate the success of your project:

M&E Learning Priorities: *Identify the most important things that you want to learn in order to help you deliver your project (and future projects) as well as possible:*
